

Environmental Policy

TRIMONT Mfg. Inc. is committed to conduct its operations in a manner that is environmentally responsible.

Associate Awareness and Training: understanding of roles and responsibilities in maintaining the environmental management system;

Compliance with Legislation: compliance with applicable environmental laws and regulations as well as with voluntary commitments to which TRIMONT subscribes;

Natural Resource Conservation: minimization of non-renewable resource consumption through waste reduction, reuse, recycling and through energy recovery from waste;

Environmental Protection: prevention of pollution through enhanced efforts in managing waste and contaminants released to the environment;

Continual Improvement: monitoring and measurement of the progress toward environmental objectives and targets; and, encouragement of associate involvement in improving environmental performance.
